

Canvas 1.54 Module

AES-0154V

A square six-color e-paper component for customer-designed electronics and enclosures. Resolution, outline and pin assignment require the selected module datasheet.

Specification confirmation

Supply form	Display component only
Resolution	To confirm
Pixel density (ppi)	To confirm
Display area	To be confirmed
Enclosure	Confirm with the selected configuration
Power	Customer-designed power and driver electronics
Image updates	Customer firmware; interface confirmed by datasheet

Standard scope

- Display module and FPC only
- No enclosure, battery, host controller or firmware

Options and installation

- Branding and integration scope on request

Confirm the mechanical drawing and installation accessories before ordering.

Ordering and software scope

Request sample availability and a configuration-specific quotation. Lead time and certification documentation are confirmed before ordering.

Confirm price, taxes, freight, warranty and compliance documents in the quotation. Scheduling, groups and CMS/API require a demonstration and agreed scope; the expanded MagiRealm content engine remains on the roadmap. Image retention power is not a whole-device power or battery-life specification.
