

Canvas 13.3 Insert

AES-1330V

A 16 mm display insert for frame brands and integrators. Keep your own outer frame, mounting design and software ecosystem while sourcing the display core.

Sample / project quotation

Supply form	OEM frame insert
Resolution	1600 × 1200
Pixel density (ppi)	150
Display area	202.8 × 270.4 mm
Enclosure	242.11 × 309.71 × 16 mm
Power	5,000 mAh rechargeable battery; 10,000 mAh option
Image updates	Wi-Fi image push and TF-card image import

Standard scope

- 13.3-inch Spectra 6 display and ABS + PC insert
- Battery, control electronics and factory firmware
- USB-C charging port and TF-card slot
- Outer decorative frame is not included

Options and installation

- Outer frame color, finish and mounting design
- 10,000 mAh battery
- Customer firmware and own-server integration
- Alternative communication or power configurations

The insert has rear threaded mounting points and a keyhole slot. Confirm the mechanical drawing before designing your frame. A 13.3-inch display is not ISO A4 paper size.

Ordering and software scope

Request a standard insert sample or a project quotation. Custom outer frames, software and freight are scoped separately.

Confirm price, taxes, freight, warranty and compliance documents in the quotation. Scheduling, groups and CMS/API require a demonstration and agreed scope; the expanded MagiRealm content engine remains on the roadmap. Image retention power is not a whole-device power or battery-life specification.
