

Canvas 7.3

AES-0730V

A compact landscape color E-Ink format for a custom desktop or frame project. Enclosure, firmware and complete-unit specifications remain subject to configuration review.

Configuration review

Supply form	Configuration-led frame project
Resolution	800 × 480
Pixel density (ppi)	To confirm
Display area	To be confirmed
Enclosure	Confirm with the selected configuration
Power	Battery and charging configuration to confirm
Image updates	Firmware and image-update method to confirm

Standard scope

- Hardware scope listed in the quotation

Options and installation

- Branding and integration scope on request

Confirm the mechanical drawing and installation accessories before ordering.

Ordering and software scope

Request a configuration review before ordering. Do not infer complete-unit availability or dimensions from the display module.

Confirm price, taxes, freight, warranty and compliance documents in the quotation. Scheduling, groups and CMS/API require a demonstration and agreed scope; the expanded MagiRealm content engine remains on the roadmap. Image retention power is not a whole-device power or battery-life specification.
