

Canvas A2 · 28.5

AES-2850V

An A2-format color e-paper display for printed-poster replacement in hotels, galleries and retail. Specify the complete unit separately from a panel-only integration.

Sample / project quotation

Supply form	A2-format project display
Resolution	2160 × 3060
Pixel density (ppi)	131
Display area	418.00 × 592.17 mm
Enclosure	458 × 632.2 × 29 mm (reference configuration)
Power	External battery pack or mains, by configuration
Image updates	Remote image update workflow confirmed with the project firmware

Standard scope

- 28.5-inch Spectra 6 display and controller
- Metal enclosure in the complete-unit configuration
- Power and mounting package listed in the quotation
- Software scope confirmed separately

Options and installation

- Anti-glare cover-glass configuration
- Mains or external battery installation
- Branding and enclosure finish
- Scheduling, grouping or API integration after demonstration

The display area closely matches A2 printed media. Allow for the enclosure, controller and power source when planning a wall or freestanding fixture.

Ordering and software scope

Project quotation. Request sample availability, the selected configuration, installation scope and a delivery schedule for your destination.

Confirm price, taxes, freight, warranty and compliance documents in the quotation. Scheduling, groups and CMS/API require a demonstration and agreed scope; the expanded MagiRealm content engine remains on the roadmap. Image retention power is not a whole-device power or battery-life specification.
