

Canvas Calendar 7.5

AES-0750V

A color photo display and a separate clock, calendar and reminder screen in one desktop frame. Local Bluetooth updating suits reception desks, offices and corporate gifting.

Sample / project quotation

7.5-inch E Ink Spectra 6 + 2.9-inch monochrome e-paper

Supply form	Dual-screen calendar frame
Resolution	1024 × 600 + 296 × 128
Pixel density (ppi)	~158
Display area	To be confirmed
Enclosure	Approx. 180 × 165 × 61 mm, including stand
Power	1,500 mAh; USB-C, 5 V / 1 A charging
Image updates	Bluetooth 5.3 phone app; no Wi-Fi setup

Standard scope

- Dual-screen frame with integrated stand
- USB power cable and manual
- Photo, calendar and reminder workflow via the supplied app

Options and installation

- Branding and gift packaging
- Confirm app language and phone compatibility
- Evaluate app AI features separately; not the MagiRealm platform

Freestanding pearl-white ABS body with anti-slip feet. The 2.9-inch screen updates the clock independently of the color photograph.

Ordering and software scope

Request sample availability and a configuration-specific quotation. Lead time and certification documentation are confirmed before ordering.

Confirm price, taxes, freight, warranty and compliance documents in the quotation. Scheduling, groups and CMS/API require a demonstration and agreed scope; the expanded MagiRealm content engine remains on the roadmap. Image retention power is not a whole-device power or battery-life specification.
